Visa application of Dean S. Rugg, Geographic Attache, for period October 1 - 24, 1960, has been submitted to Bulgarian Embassy, Belgrade. Rugg desires to attend Bulgarian Geographical Conference in early October and to visit geographical and cartographical institutes. Visit will follow that of Dr. Arthur L. Burt, Coordinator for Maps in the Department. It is hoped that invitation to Conference can be arranged at International Geographical Conference in Stockholm which Burt and Rugg will attend in August.

This excellent diplomat with a special cartographic education remained in our country for three weeks and attempted to procure all sorts of plans and maps of towns, districts, and regions. Only naive people would believe that he did it for peaceful or even scientific reasons."

Actual facts of Rugg visit different since he had full permission Czechoslovak Foreign Ministry for all visits,
